### DIRECTIONS FOR USE

Shake can well before use. When using on engines, for best results warm the engine then switch off. Ensure all electrical components are covered and protected, e.g wrap in polythene. To brush on, decant into a suitable container so as not to contaminate the contents of the can. Generously brush onto the surface of item to be cleaned until the entire surface appears to be wet. Allow approximately 10 minutes for Gunk to penetrate the grease and grime. For heavy soiling leave longer and if necessary agitate with a stiff brush. Rinse thoroughly with water. For severe soiling repeat as necessary.

### STORAGE INSTRUCTIONS

Store sealed in a cool, dry place away from direct sunlight and sources of ignition.
