Lithium Complex Grease (Red)

400g Cart & 12.5kg

PRODUCT DESCRIPTION

A specially developed multi-purpose lithium complex grease for lubricating all anti-friction and plain bearings for use in industrial and automotive applications. The grease has shown exceptional performance providing extended lubrication intervals over a wide operating temperature range.

PRODUCT BENEFITS

* Exceptional mechanical stability extends re-lubrication intervals
* Excellent oxidation stability provides lasting lubrication at high temperatures
* Excellent EP and anti-wear performance
* Good corrosion resistance protects components operating in wet conditions

12.5kg	3806	5020618038061

PRODUCT USAGE

Lithium Complex Grease can be applied manually or by using a standard grease gun (400gm cartridges available), or via a central lubricating system designed for, and capable of, pumping an NLG1 no.2 grease; consult a qualified centralised lubrication systems engineer before installation.
As with all greases used for the first time, check compatibility with the grease applied previously and if necessary purge bearings prior to application. Likewise, as a general rule, take care not to over-lubricate and apply the quantity of grease recommended by the manufacturer.

STORAGE INSTRUCTIONS

Stored sealed in a cool dry place.
