Granville
Rust Repair Gel
150g

PRODUCT DESCRIPTION

Granville Rust Treatment is a highly effective non drip rust neutraliser and inhibitor based on organic and inorganic acids. It is suitable for treating all ferrous surfaces and will quickly remove and neutralise rust. The non drip formulation is ideal for using on horizontal and hard to reach surfaces.

* Image for illustrative purposes only.

PRODUCT BENEFITS

* Effectively treats rust
* Easy to apply
* Over-paintable
* Non drip gel formulation for those hard to reach places

DIRECTIONS FOR USE

1) Remove heavy rust and old paint residue with a wire brush or other suitable abrasive.
2) Apply product liberally to the rusted surface with a brush or cloth and leave for 15 minutes. Take care to avoid good paintwork as the product may cause discolouration. Wash off any splashes on good paint work with water.
3) The rust will turn to a dark blue/ black colour to indicate conversion. Re-apply if required.
4) Excess may be wiped off with a dry lint free cloth.
5) The resulting surface may be painted directly but further sanding or filling may be required to give the desired finish.
