

Granville Ceramic Brake Grease

70g & 500g Tin

Product Description

Granville Ceramic Brake Grease is an exceptionally high quality grease that is non-conductive and non-melting. It is highly water resistant and ideal for vehicles with ABS braking systems. Ceramic Brake Grease is free from copper additives and is suitable for use with aluminium brake components.

Product Benefits

- * Electrically non-conductive
- * Non-melting
- * Highly water resistant
- * Copper-free

Product Usage

This product is formulated for lubrication of automotive brake callipers, specifically those using electronic ABS braking systems requiring a non-conductive grease. Additional uses include high temperature anti-seize and mould release applications.

Directions for Use

Apply to component as required

Storage Instructions

Store sealed in a cool, dry place away from children.

Shelf Life

3 years from date of manufacture

Specification Information

NLGI classification: 2
Worked penetration: 265-295
Temperature range: -40°C to +1200°C

Appearance	:	Cream/Off-white
Odour	:	Characteristic
Solubility	:	Insoluble in water
Flammability	:	Not flammable at ambient temperatures
Flashpoint	:	In excess of 200°C
