10k
E10 Fuel Protector

265ml

PRODUCT DESCRIPTION

10K Boost E10 Fuel Protector is an all in one fuel treatment for vehicle that require ethanol corrosion protection and valve seat lubrication and protection. In addition it boosts the fuels octane number.
Ethanol based fuels tend to lubricate less and deteriorate faster than regular fuels, resulting in reduced lubrication of amongst others valves and fuel pump and a loss of fuel octane number. This potentially leads to valve seat recession, engine knocking and build-up of dirt / gum in the fuel system. In addition ethanol based fuels are hygroscopic and corrosive to specific metal, rubber and plastic parts. Suitable for use in vehicles fitted with catalytic converters, Gasoline Particulate filters and turbo or superchargers.

SIZE	PART NO	BARCODE
265ml	1424	5020618014249

PRODUCT BENEFITS

* Prevents the adverse effects of ethanol in fuel
* Prevents fuel system corrosion on metal parts and helps protecting components
* Stabilizes ethanol based fuels prolonging fuel life
* Prevents valve seat recession
* Increases octane number

PRODUCT USAGE

Pour the contents of one bottle in the fuel tank before filling it with E5 / E10 petrol

DOSAGE INFORMATION

1 265ml Bottle treats 40 to 60 litres of fuel

STORAGE INSTRUCTIONS

Store sealed and upright in a cool, dry place out of the reach of children.

HIGH PERFORMANCE
PREMIUM QUALITY
